Confirmation of technical values for concrete fasteners MDC

Dear customer

We hereby confirm that the following values from ETA-15/0784 (from 19 May 2016) can be used for projects "Fastening to concrete". The product MDC-7,5xL has the same values and properties in the concrete sector as the HECO MULTI-MONTI MMS-plus 7,5.

Thank you for your attention and for the trust you have placed in us. Please do not hesitate to contact us if you have any further questions.

Kind regards

Martin Rüdisühli
Head of Product Line Roofing & Cladding
